

1st Waterloo (International) Scout Group

Quartermaster Report,

The past year hasn't seen any major problems for the stores at Shurgard. All equipment is in good condition.

The main event this year was the replacement of the Scout Patrol tents B1 to B5 with 4 new Scout tents from "our" supplier De Wit in Holland.

These tents are the more traditional type of tents I.e. the groundsheet is not sown in and there is no fly sheet.

As said nothing major to report, I'll concentrate the coming months on getting the storage space optimized and go through all equipment for scouting and checking purposes.

As our GSL has stated in his report, I am willing to continue with the quartermaster job as long as the AGM agrees to this.

Without any doubt I could not have done my job without the assistance from the various people during the year, a **BIG THANK YOU** to all!!

I am looking forward to another year of work in the stores and to advise and help in the sections where possible regarding the usage and purchase of equipment.
